

Sharon Hendricks

Board Vice Chair, Community College Instructor

I'm Sharon Hendricks, Vice Chair of the California State Teachers' Retirement System's Teachers' Retirement Board, and I'm running for re-election to the PRI Board of Directors for a second term. I've served on the CalSTRS board for over 10 years, leading as Chair or Vice Chair for the past 6 years.

As the world's largest educator-only asset owner, CalSTRS serves close to 1 million members and beneficiaries and manages a portfolio exceeding \$300 billion. As a community college educator and labor-elected trustee,

I take my fiduciary duty and the responsibility I'm entrusted with by California's educators seriously.

I believe that, by working collaboratively with other U.S.-based and international stakeholders, we can actively drive long-term value and mitigate risk through engagement on sustainable investment strategies.

During my tenure on the CalSTRS board, I have led many of our responsible investment efforts including our recent commitment to the United Nations' Race to Zero campaign and the development and approval of Investment Beliefs that address climate and ESG risks.

As part of my ongoing commitment to PRI, I will leverage my many years of experience at CalSTRS and implement leading practices around effective board governance and responsible investing strategies.

Should I be elected to a second term on the PRI board, I am committed to strengthening the influence of PRI and its 10-year blueprint. We must ensure sustainable investment principles are deeply embedded among current asset owners and that new signatories continue to be developed. I will leverage my established trustee leadership network, especially among the U.S. asset owner and investor community, to pursue these priorities. I also commit to providing oversight on the retooling of the PRI reporting framework and the selection of the next CEO of PRI.

We have much work to do, and I am eager to roll up my sleeves and partner with my PRI board colleagues, signatories and stakeholders to get it done. Learn more by viewing [my candidate video](#).
